The image shows a screenshot of the Zoom 'Join Meeting' dialog box. At the top left is a blue '取消' (Cancel) button, and at the top center is the title '加入會議' (Join Meeting). Below the title is a text input field containing '123 123 1234', which is highlighted with a red box and a red arrow pointing to it from a black callout box on the right that says '輸入會議ID' (Enter Meeting ID). Below this is a blue link that says '使用會議室名稱加會' (Join by Meeting Room Name). Underneath is another text input field containing '陳大文', also highlighted with a red box and a red arrow pointing to it from a black callout box on the right that says '輸入你的姓名' (Enter your name). At the bottom of the dialog is a large blue button labeled '加入會議' (Join Meeting), which is highlighted with a red box and a red arrow pointing to it from a black callout box at the very bottom that says '按加入會議' (Click Join Meeting). Below the button is a small line of text: '如果您收到一個會議邀請鏈接，請再次點擊該鏈接加入會議' (If you receive a meeting invitation link, click the link again to join the meeting). On the left side, a black callout box with red text says '注意！此代碼是範例並非真正會議ID' (Attention! This code is an example and not a real meeting ID).
